

Adam King

I joined Leverstock Green in March 2023 as a Co-opted Community Governor and member of the Resources Committee. I live in Leverstock Green and am currently a PE Teacher and Head of Year at a secondary school in Hillingdon.

I am passionate about pastoral care and believe all students should be supported through their educational journey regardless of their starting point. Through the love of my subject, I seek many opportunities to provide students with lifelong enrichment experiences to support their learning outside of the classroom.

My personal interests involve spending time with my family and friends, travelling and watching Watford FC.
