

I am a Parent Governor and ex-pupil at Leverstock Green School. My daughter started in Reception in 2023 and we have two other sons who will join the school in the future. I have many happy years from my childhood at the school and it's been very nostalgic seeing how it's grown and changed over the years.

In my professional career I am a qualified Early Years Teacher and myself and my family own and operate 5 children's nurseries in Islington and St Albans. All of our nurseries are rated Outstanding with Ofsted and our vision statement is "Inspiring Children to Change Tomorrow's World", something which our team are passionate about bringing to life for our children. I am particularly interested in Education in general, but particularly Early Years provision as well as Leadership and Personal and Professional development, which is something I put a lot of energy and time into as part of my role as Operations Director in our nursery group.

In my personal life I enjoy spending lots of time with my family and children, playing sports and staying active, playing and producing music and socialising with friends and family.
