# OUR OBJECTIVES

**The PTA is a volunteer group of parents and staff. All parents/carers automatically become members when their child joins the school. We rely on volunteers to run events, so we encourage everyone to get involved!**

**Our goal is to make Leverstock Green Primary School a better place to learn by raising funds for resources not provided by the Local Education Authority.**

## VOLUNTEER

**Volunteering with the PTA is a great way to support your child, stay informed, and strengthen the school community. Whether it's your time, ideas, or skills, every contribution makes a difference -big or small!**

**Even a little bit of help is truly appreciated and makes a real impact.**

## WHY GET INVOLVED?

**Emma Slater**

I joined the PTA so I could be involved in supporting the school and be part of a community. I wanted to make friends and help provide enrichment opportunities and additional resources for the children.

**Donna Mathew**

I wanted to join the PTA to be an example to my children that no matter how big or small the input, you can help others by volunteering. I really enjoy the friendships, meeting others & seeing the children having fun at our fundraising events.

### PTA Member Benefit!

PTAs registered with Parentkind can now access free 24/7 Virtual Medical Care for up to 15 regular volunteers and their immediate families.

## WHAT HAPPENS AT MEETINGS?

We hold official committee meetings once per term, and everyone is welcome — whether you'd like to attend regularly or just drop in. It's a great chance to share ideas, give feedback, or simply find out what's happening behind the scenes.

We hold separate meetings for specific events, like the summer fair. Some volunteers don't attend meetings but still lead their own fundraising ideas — every contribution counts!
