

## Fran Howat

I have been a governor at Leverstock Green since 2003 and my original connection to the school came about because both my children (now in their thirties!) attended the on-site workplace nursery.

I recently retired from full-time work and am delighted to have stepped up to the role of Chair of Governors from September 2025. As Chair I sit on all the sub-committees, and I am also the link governor for pupil premium.

I am a qualified Chartered Accountant and an experienced HR Manager which, hopefully, means that I bring useful skills with me. I have always been interested in education, and I very much enjoy my long association with the school.
